Hi John,

I saw that you are registered for the C&T PREP course next month. This is great news. I wanted to pass along the first level review. I sent this out last spring so you may have already seen it. It would be good to complete this review prior to the C&T PREP meeting as it can serve as a refresher or primer for the course. Also, every state except Colorado has completed it, which could be awkward at the meeting. The review shouldn't take too long if you are familiar with the current C&T processes. It is just an initial review so it doesn't need to be perfect. Just fill out what you can at this time. Let me know if you have questions.

Thanks,
